

# Rainier Court Tenants Won't Back Down! Renew the Fight in 2022!

January 6, 2022

Tenants organized and fought back alongside community supporters, faith leaders, Councilmember Sawant's office, the Tenants Union, and Be:Seattle, and won an enormous victory! We forced the landlord, SEED, to rescind exploitative rent increases in 2021! **But we cannot afford to be complacent, we must keep fighting. It's shameful that SEED has allowed building conditions to deteriorate even further.**

## Tenants' demands:

- 1. SEED must publicly promise No Rent Increases Through 2022.**
- 2. SEED must urgently fix ALL housing code violations that have led to deplorable living conditions.**
- 3. The Seattle City Council must increase the Amazon Tax to expand funding for affordable housing.**
- 4. The Seattle City Council must vote YES on Councilmember Sawant's legislation for citywide Rent Control with no corporate loopholes!**
