

STAND WITH STARBUCKS WORKERS FIGHTING TO UNIONIZE!

Tell the Seattle City Council to vote YES on Councilmember Sawant's Resolution.

Starbucks workers are getting organized across the nation, courageously fighting shameless union busting by corporate executives and billionaires like Howard Schultz! Workers at two stores in Buffalo have successfully won their union. Inspired by their success, workers at 40 Starbucks stores nationwide have begun their unionization campaigns, including right here in Seattle.

Starbucks workers will face continued fear mongering, attacks, and even potential store closures in the weeks to come as the company grows increasingly desperate to stifle this historic momentum. Solidarity from working people, unions, socialists, and progressive elected officials will be critical to organizing more stores and especially to winning a fair contract for all Starbucks employees.

WHAT YOU CAN DO?

Tuesday, February 1st

Testify to the Seattle City Council: Demand Councilmembers vote YES on Councilmember Sawant's resolution calling on Starbucks to stop its union busting!

Tuesday, February 1st (when the resolution will be introduced)

Sign up online starting at 12 noon: www.seattle.gov/council/committees/public-comment

Public comment is online and begins at 2pm

Join us IN PERSON at Cal Anderson Park (1635 11th Ave) at 12 noon to sign up for public comment together, hear from Starbucks workers and community supporters, and testify to the City Council starting at 2pm.

Mark your calendars! The Seattle City Council will vote on our resolution on Tuesday, February 8th, when we will once again need to sign up at 12 noon and testify to the City Council at 2pm.

Email Seattle City Councilmembers RIGHT NOW at: council@seattle.gov

Get resolutions in support of Starbucks workers passed in your union, community group, faith community or Democratic Legislative District! Contact my office or find a model resolution on my blog: <https://sawant.seattle.gov/model-union-resolution-in-support-of-starbucks-workers/>
